MEMORANDUM.

This Return is presented in obedience to the Order of the House of Commons of the 26th November 1920. It continues the Tables given in the Parliamentary Paper, No. 162 of 1919, for the Year 1918-19. But for the purposes of convenience it also reproduces part of the figures given in the earlier Return, namely, those for the decennial periods up to and including 1909-1910 and those for the three years immediately preceding 1919-20.

For the decennial period commencing 1900-1 the mean of the figures of the years 1909-10 and 1910-11 have been taken rather than those for 1909-10. As explained on page 16 of the Parliamentary Paper 2204 of 1911 the figures for 1909-10, owing to the delay in passing the Finance Bill of 1909, and the consequent postponement until 1910-11 of the collection of a large amount of the Revenue proper to 1909-10, afford a very misleading index to the financial position of Great Britain and Ireland in that year.

For an explanation of the basis on which the figures for recent years have been compiled, reference should be made to the Memorandum contained in Parliamentary Paper, No. 313 of 1894, to the Financial Relations (England, Scotland and Ireland) Papers (Nos. 93, 305, and 334 of 1893), and to the Returns of Revenue and Expenditure (England, Scotland, and Ireland) which have been issued in subsequent years.

Note.

Revenue derived from special War Taxation (e.g., Excess Profits Duty) has been allocated between Great Britain and Ireland as in previous Returns.

During the War, expenditure on many Local Government charges was met from Votes of Credit, 1914-15 to 1918-19, and it was not found possible to allocate it in certain cases. Separate provision was made on the ordinary Votes in 1919-20 (when there was no Vote of Credit), and the appropriate allocation was made as far as possible. This caused a considerable increase in the figures for both Great Britain and Ireland in that year as compared with those preceding (see pages 17 and 19).
